

Energy Policy Statement

Coffey Water Limited is committed to maintaining its position as a market leader in Civil, Building and Environmental Engineering. We invest both time and resources in our Energy Management System (EnMS) to achieve this goal.

The Energy Policy is supported by the Board of Directors who shall commit the necessary information and resources to ensure that the objectives and targets can be achieved. Directors and management require the active co-operation and commitment of all members of staff to ensure the effective implementation of this policy.

Coffey Water Limited shall maintain a documented EnMS which conforms to ISO50001:2018. As a design, build & operate company operating in an energy intense wastewater and water treatment sector, Coffey Water Limited strives to reduce energy usage by kWh/m³ of water processed. In our Head Office as a metric we aim to reduce energy usage in kWh per employee. In line with our other annual Objectives and Targets reduction of consumption and costs will promote the long-term environmental and economic sustainability of our operations. We are committed to:

- Reducing energy use and costs by tracking our energy usage.
- Creating a culture of energy awareness and conservation.
- Ensure continual improvement in our energy performance metrics.
- Disseminate information and resources to staff to help them achieve our objectives and targets.
- Uphold legal and other requirements regarding energy usage and efficiency.
- Consider energy performance improvements in design and modification of our facilities, equipment, systems and processes.
- Effectively procure and utilise energy-efficient products and services.
- Apply the principles of the Energy Policy in our Water and Wastewater treatment plants, our head office in Athenry, Co.Galway and the Coffey Water vehicle fleet.

To emphasise the importance of good environmental practice the Coffey Group will communicate this Energy Policy to our employees and partners and is made available to the public. The Coffey Group of Companies will seek to advise and influence our clients in achieving sustainable design and construction solutions.

This policy, associated procedures and objectives and targets shall be formally reviewed annually or as a result of changes in legislation, scope or performance.

Signed: 

Odran Madden

Managing Director Coffey Group
